Mr. Kermit Geary  
Walnutport, Penna.

Dear Sir:

Many thanks for your fine report on reception of our signal on October 29th. Also, we really appreciate your comments. Your report has been checked with our log and found correct, so it gives me pleasure to be able to send you this verification of your reception of KUBC, 1240 kc. frequency check program.

Our present schedule calls for only one frequency check per week and I believe that will be at the same time as the check you heard but on Sunday mornings. That has not been settled as yet, but it will probably be the schedule until further notice.

Yours very truly,

*Craig M. Wills*  
Chief Engineer
