Re: WINY reception 1350 kc
on 1/31/61

Dear Mr. Geary:

I am in receipt of your letter of February 1, 1961 in which you report reception of our Station WINY in Putnam, Ct. In checking our log, it would appear that with very minor deviations you were receiving our station, which is 1350 KC on the dial. The present WINY is the former WPCT, and we assumed ownership in Sept. of last year.

It was very nice to hear from you, and very interesting to learn of your reception.

I must ask forgiveness in being so tardy, but one thing after the other has kept me extremely busy. I hope that this letter is what you require. If there is anything else that we can be of service in, please feel free to call on us.

Yours sincerely,
