Shortwave broadcasts to the USA and Canada  
Czechoslovak Radio  
Prague XII  
Czechoslovakia

March 23, 1953

Mr. Kermit Geary  
R.F.D. No. 2  
Walnutport, Pa.

Dear Mr. Geary:

Thank you very much for your very detailed report on your reception of our medium wave station in Mělník.

In the past period we have had numerous reports from listeners in the United States who have succeeded in hearing the programs broadcast from this transmitter. We were pleased to hear that reception was so clear, well modulated and without interference.

In accordance with your request, we are enclosing our verification card for your file.

We broadcast also on shortwaves and enclose a copy of our schedule of broadcasts to North America. We hope you continue to listen to Radio Prague and write us again.

Very truly yours,

Enc. 2
