BAYREUTH,
TEL. 39 21

19 April 50

Dear Mr Geary:

Thank you very much for the f.b. report on our station at your Qth on the 18th of Jan. 1950 the program checks with our log which you received.

I'm very sorry we don't have a Qsl card to send you has it isn't very often that we receive Dx reports on 1411 kc. On the 15th of March we changed freq. to 548 kc. so you might take a listen for us on the new freq. we operate here from 0600 till 2400 hrs CET. the transmitter is an RCA 10f running 10kw antenna is a T type location is 40 N.E. of Nurmberg elevation 2000 ft.

Thanks again for the fb report and good Dx.

Stephen Antosy Usc
