Mr. Kermit Geary.  
R.F.D. # 2.  
Walnutport,  
PENNSYLVANIA, (U.S.A.)

Gentleman:

We have received your very esteemed dated the 14th last December. It is a great pleasure for us to confirm your reception in the date December 13, 1945, being quite correct your reference about the same.

Our station waves in 282 metres (1062 kilocycles), being situated over the Igueldo mountain (200 metres high), near this city of San Sebastian. Power: 3000 watts.

We shall be very obliged to you if you send us, now and then, reference of our transmissions, because we are very glad knowing our station is listed in America.

Thank you very much for your wishes for this year. Our best wishes for you, also.

Yours sincerely
