Dear Mr. Geary:

In reply to your very nice letter of October 13, concerning the reception of WEAT signals, I am very glad to know that our reception was clean-cut and of sufficient power to reach you.

This is to confirm our broadcasts of announcements and tone modulation at the times you indicate.

Again my thanks for your note and its good wishes which we are glad to return in kind to you from the staff of WEAT.

Cordially,
