Dear Mr. Geary:

We are indeed pleased to receive reports on both times of reception of this station, namely October 9th between 3:55 and 4:00 A. M. and October 18th, 1944.

As for the broadcast of the 9th can say definitely you are correct. But the one of the 18th was cheating on a broadcast on the CBS line which was carrying music from Washington. The numbers are probably correct, however I was not listening since I was VERY BUSY getting the teletype in operation and was not fully awake at that hour.

We had lots of bulletins and/of local and further down the coast to get in order so the general public could prepare for the coming of the blow.

Thanks a lot again and hope hear from you often,

Sincerely yours,

  
H. E. Ritchey,  
Chief Engr.
