

Radio **KAYL** Station

CORNBELT BROADCASTING COMPANY

STUDIOS IN PARK BUILDING

STORM LAKE, IOWA

Nov. 10, 1948

Kermit Geary
Walnutport Penn.

Dear Kermit:

Very glad to receive your good report on KAYL for Nov. 7
It jives with our progrm. Our plant is a Gates BC250DII
transmitter consisting of a 250 TH in the final which
is modulated by two 810's PP class B. We have a 387 foot
antenna.

Would like to have you consider this letter as an invit-
ation to visit our station if you are ever in Storm
Lake, Iowa.

Sincerely,

William H. Carman
Chief Engineer
