Dear Mr. Geary,

I have run across a D-X report from February 5, 1962 with no indication as to its verification. Tom Pringle, who was normally taking care of the verifications during that time normally acknowledged them so if you never received an ~~a~~acknowledgement, our sincere apologies. This report is a very good one and much appreciated as this is the only way we have of knowing how our signal is reaching out during the wee hours of the morning. Your report agrees with our operating logs you were listening to the station.

Thank you for writing and we hope you hear us again some time.

Yours very truly

Robert L. Baker, Jr.
