Walnutport, Pa.

March 31, 1964

Mr. Geary,

This is to confirm your reception of WABD Saturday morning, March 28th, 1964. The frequency test was broadcast exactly as you have listed. As to your receiving the station on June 24, 1963, I was not here at the time and cannot confirm this, although what you listed sounds like what the previous engineer did. I appreciate your letter.

Sincerely,

Bob Wicks
BOB WICKS,
Engineer
