Mr. Kenneth Geary  
RFD # 2  
Walnutport, Penn.

Dear Sir

Confirming your DX report on Jan 4, 1954 and thanking you kindly for such a fine report which is correct in every respect according to my operating log. WPKY went on the air Oct 17, 1953 and is operating remote control with studios downtown Richmond and trans on the Lancaster Rd. Richmond is located in the Bluegrass just a few miles from Lexington, the home of Ky. Wildcats.

Wish I had more time to give you additional information on our set up. But being the only eng. on the staff it keeps me busy all the time. Glad to hear from you again some time.
