Mr. Kermit Geary
R.F.D. #2
Walnutport, Penn.

Dear Mr. Geary:

I am personally acknowledging your letter of November 21st in which you give us an excellent report of our equipment test of November 19th and 21st. Your log agrees with ours exactly. We appreciate complete and explanatory reports such as yours of our signal strength and quality.

I will appreciate any further reports you care to make on our signal.

We will continue our early morning broadcasting (3:00am to 6am C.S.T.) for at least two more weeks using tone modulation between 3:00 and 4:00 am, and record programs from 4:00am to 6:00am.

Sincerely yours

Theodore E. Jones
Chief Engineer
