Dear Sir:

Many thanks for your report of our test broadcast of Jan. 9th. That was our first time on the air. Your log of the transmissions is correct. We are waiting for the final OK from the FCC to start regular broadcasting.

Our transmitter is a Gates 250 BY. RCA frequency and modulation monitors and Western Electric limiter amplifier. Tower 205 ft. guyed, series fed. Our studio equipment is RCA.

Good listening on your DXing, and thanks again for the report.

Very truly yours,

*William H. French*
