Radio Station **K L O U**

134 CLARENCE STREET
LAKE CHARLES, LOUISIANA

Sept. 26, 1947

Mr. Kermit Geary.
R. F. D. #2.
Walnutport, Penn.

Dear Mr. Geary:

Received your DX report of the 20th., and appreciate your interest in our station. This is to verify your report as correct, and to give you a few highlights about KLOU.

We have a two-element directional antenna system, with major lobes to the east, west, and south, and a minor lobe to the north. We use a composite transmitter and a Western Electric 25-B Control Console.

To date, our most distant DX reports have come from New Zealand. We began operation on May 17th., last.

Mr. H. V. Anderson, of the engineering firm of Anderson & Merryman, is manager.

Again let me thank you for your letter.

Very truly yours,

Ben Segrest
