Dear Sir:

This is to verify your reception report of KTRY on Saturday, January 31, 1948 between 1:21 and 1:25 A. M. CST.

Sorry we haven't answered sooner, but with a new installation there is plenty of work to be done even after going on the air.

Equipment here consists of mainly Gates equipment from the studio thru the transmitter. Guyed tower 285'. Studios located in center of town; transmitter located ~~21~~ 2.5 miles from the center of town to the Northwest.

Thank you for sending the nice report and hope to hear from you in the future.

Sincerely,

RADIO STATION K T R Y
