Dear Mr. Geary,

Greetings!

Please forgive us for being so late in confirming your reception report of WGTN on December 10, 1981, at 4:30 pm E.S.T. on 950 kilohertz.

Our Chief Engineer left recently and in going through his files, I found your letter and reception report.

So, again accept our apologies for the delay. I guess it's better late than never. Future reports are welcomed.

Sincerely,

A handwritten signature in cursive script that reads "David F. Reeder". The signature is written in dark ink and is positioned above the typed name and title.
