7 March 1974

Dear Kermit:

I'm happy to confirm your reception of WCUM on the morning of March 4th.

At the time you report hearing us, we were transmitting at 250 watts, non-directional from our antenna on the edge of Cumberland.

Thanks for your report, and best of luck in your DX'ing.

A handwritten signature in blue ink, appearing to read "R. A. Brown". The signature is fluid and cursive, with a long horizontal stroke extending to the right.

Robert A. Brown
Program Manager, WCUM Inc.
