Dear Mr. Geary:

I am glad to confirm your reception of WERQ-AM on February 2, 1992. Although it has been over a year since your reception and it is difficult to check the exact broadcasts for the dates you mention, the detail is consistent with what would have been programmed then.

We broadcast at 1010 AM with 1,000 watts, non-directional, between sunrise and sunset, and night power at 27 watts.

Our studios are located at 1111 Park Avenue in Baltimore, and our transmitter is at 1315 Hamburg Street also in Baltimore.

Our parent company, United Broadcasting Company, in addition to owning WERQ AM (1010) and 92-Q, FM, in Baltimore, also owns radio stations in New York City, Rockville, Md., Washington, DC, Los Angeles, and San Francisco, California, and Cleveland, Ohio. We also own a cable company in New Hampshire.

Should you have any other questions, feel free to write again. Thank you for your interest.

Sincerely,

  
Lang Sturgeon  
Chief Engineer
