March 29, 1993

Mr. Kermit Geary  
1266 Riverview Drive  
Walnutport, PA 18088

Dear Mr. Geary;

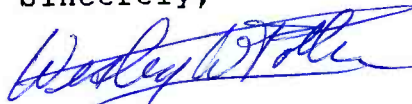

Yes, you did indeed received the signal of WHLP, AM 1360 kiloHertz- Job Radio, in the early evening hours of February 10, 1993. Your detailed notes of our broadcast data at that time corresponds exactly with our records for that period.

Your reception was unusual in that we transmit on a pattern protecting stations in your general direction around Philadelphia. As a result we have a lobe extending well to the south of Baltimore, but not to the north.

Our reception stopped at 6:15 PM because we went to night-time power dropping from 5,000 Watts to 1500 Watts.

We were delighted to receive your letter and wish you the best in DX!

Sincerely,

Wesley W. Potter  
Operations Manager  
WHLP, Job Radio
