

IT'S GOOD BUSINESS TO ADVERTISE ON

5000 WATTS

Office Center Building  
106 West Circle Avenue  
SALISBURY, MARYLAND  
Telephone Pioneer 2-5191  
10 February 1962

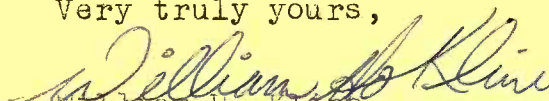

Dear Mr. Geary,

It was a pleasure to receive your reception report of our station of 30 January 1962 and we are happy to send you this letter of verification. Checking our logs shows your report corresponds with the air material being broadcast at the time of your reception of our signals.

I would also like to compliment you on your excellent report. We regularly receive reports of reception but all too seldom are they as thorough and fact filled as yours was. Thank you for a very fine reception report.

We wish you continued success in future broadcast band DXing.

Very truly yours,

  
William H. Kline  
Chief Engineer
