Dear Mr. Geary,

Due to the heavy mail response from the DX broadcast of Sunday, Feb. 23rd, our supply of DX verification cards has been exhausted. However, as soon as some more are printed I shall see that you receive one. Until that time, please let this serve as a verification of your reported reception. Thank you for your very fine report. WATL seems to have been interfering with WIBM all through Penn., according to reports.

Very truly yours,
Jack Zeigin
Director of Publicity
WIBM, Incorporated.
