Dear Mr. Geary,

It is a pleasure to know that our signal can be heard in Pennsylvania. Thanks for the report of the quality of our signal.

Your data is almost exactly what our log contains. The only difference is that you missed the first of our transmission.

We do this frequency measurement the first Saturday morning of every month. The next one is due March 5, 1960 Between 3:30 and 3:45 AM.

Happy hunting in the future for those signals you have yet to hear.

Yours very Truly,

Peter B. Hoekzema
