

HELENA, MONTANA

March 5, 1945.

Mr. Kermit Geary
R.F.D. #2
Walnutport, Pa.

Dear Mr. Geary,

In compliance with your request, you will find in this letter our Montana Copper Code which we send out as a verification of reception of our station. It is made of pure copper, so please keep it out of the light as much as possible to avoid its turning black.

We were very glad to hear from you to the fact that our signal went as far out as it did. Hope you will tune in at some later date too.

Also enclosed you will find the Z Bar (Z is the cattle brand symbol we use to designate the Z Net) memo pad which we said we would send to any out of state listener who wrote us, to the fact that they had heard the Montana Boosters Program. Since I was the announcer - operator on duty at the time let me assure you that the facts you entered in your letter and a log are entirely correct. Hoping to hear from you soon - if you tune us in again, and thanking you for your letter, I remain

Sincerely Yours
Neal W. Mickelsen
Station K.P.F.A.
Helena, Montana
