Dear Mr. Geary,

Thank you for your letter and the report on our signal.  
I verify that we were transmitting the program you recieved  
from 2342 to 0100 GMT on the 13 of October, 1975 , on  
1165 KHz.

You may be interested in some facts about the Caribbean Radio Lighthouse. We are a non-commercial, Christian broadcasting station located on the island of Antigua in the West Indies. The station is owned and operated by Baptist International Missions, Inc., Chattanooga, Tenn., U.S.A. Our purpose is to honor and glorify the Lord Jesus Christ in message and music and to present the Gospel and principles of His word to the people of the Eastern Caribbean.

We began broadcasting on August 27, 1975. Our current schedule is from 1000 to 1300 GMT, and from 1600 to 0200 GMT daily. We are using a CCA 10,000D transmitter, and our antenna is a 320 foot (97.5m), shunt-fed, omnidirectional tower.

If you know that Jesus Christ is your Lord and Savior, and that you have eternal life through Him, we would appreciate your prayers for us. If you have no assurance of salvation, we encourage you to listen to our broadcasts, and to write to us for more information.

Wishing you God's best for your life,

Mr. Geary,

I appreciate your good, detailed report. You seem to have had the best reception of any of our DX reports so far. I don't know where you got the title "Gospel Hit Songs" for our request program, as it's called "Lighthouse Favorites", but we'll forgive you!

We have no assigned call letters, and are officially known by our name, "Caribbean Radio Lighthouse". Although we are authorized for 10,000 watts, on the date in question we were broadcasting with about 5KW due to some technical problems.

Thanks again for the letter.

Sincerely yours,

Curt Waite
