Diciembre 29 de 1942.

Mr. Kermit Geary,
R.F.D. # 2,
Walnutport,
Pensylvania, U.S.A.

Dear Radio Friend:

It was a great surprise to receive your nice report on our Radio Station X.E.C.F. We sure are very grateful for all de pains you took to make Shuch a report that you heard our Station on November 10 Th 1942.

It was lucky that your heard us because our working hours during week days are from 8 o' clock in the morning to 8:30 o' clock at night. On sundays we Work form 8:00 o' clock to midnight due to the fact that from "Sociedad Mutualista" Maybe you will be able to listen to Us again on Sundays.

The reason that We were bradcasting at the time yo hap -- pened to listen was that we changed a Condenser and were on trial -- and indeed it was lucky that such a thing happended as we have made a very good Radio Friend.

Our Station is Mexican Broadcast Station X.E.C.F. "THE - Voice of El Fuerte Valle" working on 1,330 Klcs. authorized by the -- Mexican Government. Our equipment is R.C.A. all the Way. Transmitter "R.C.A." E.T. 4331 Using the follwing Tubes.

Output 2 R.C.A. 833-A in paralell and 2 833-A Modulators.

We are using a vey small Marconi Type aerial 1/8 wave, -- the same that we were using in our former 150 Watts R.C.A. Transmitter, This aerial is made with water pipe 2" about 40' The rest pipe- 1.1/2 It has been impossible to buy a good aerial, as our equipment- needs, on account of the war, after wich we expect ot get one on good Old USA.

Our Ground is made by 72 radiators of about 100' and of - # 4 Copper wire, One of these radiators is connected to a pipe that goes deep into the ground, and as we are only 12' from the sea level we are connected to the Pacific Ocean Water.

We would like to dedicate a program a very special one, - to you and to yor town made up with Mexican Music. This Program will Start at 1:00 o'clock Mexican Central Std Time and will lasto one -- hour. On this program we expected to broadcast about 12 numbers and- we would like the names of lo of your most prominent citezens. We'll end our broadcast with your National Emblem and with yours.

We expect to make this act one long to be remembered It - will show the Frienship betweeen two united countries on the present World Crises.
