

Dear Sir;

Congratulations upon your excellent report of reception of X E F L on 1150 Kc, Nov 16, 1935.

It is indeed a pleasure to receive such reports as these and to know that Tijuana is getting out, particularly in view of the low power of the station.

Would suggest that you check 730 Kc in a month or so. This is not certain, but we expect to put a new station on that frequency if possible; call letters are as yet unknown. I will be glad to hear from you if you do hear it at that time, although nothing as yet is definite.

Best wishes,

Very truly yours,

E R Morris,
