Dear Sir

We are pleased to have received your letter of December 26th 1988 stating that you had received our signal on December 24th. It may interest you to note that in addition to reports of signals in the US, we have also had reports from Europe, Canada, and the Cayman Islands. in addition to the Caribbean.

As you indicated, your reception seemed to have been fairly strong because our programming between 7:55 pm and 8:40 pm of Christmas Eve was fairly accurate with variations only occuring in some of the words in advertisements.

Thank you very much for your letter and we do hope that you have a very successful 1989. And please listen to us when you can,

Sincerely
