Dear Mr. Geary:

Thank you for your letter reporting reception of WFGW Saturday morning, March 7, 1964, during our frequency check broadcast.

I regret the delay in answering your letter, but I trust this communication will be acceptable. We have been expecting any day now a print of a card pertinent to both of our stations, however at this writing these cards have not been received. I am therefore taking this means to confirm your report, and am enclosing one of our older program guides which will show you what we are doing down here in North Carolina.

Thank you again for your nice letter, and good luck in your DXing.

Yours very truly,

William L. Clements, Jr., W4CHX
