KINSTON BROADCASTING COMPANY
KINSTON, N. C.

November 26, 1951

Mr Kermit Geary
R.D.# 2
Walnutport,
Pennsylvania

Dear Mr Geary;

Thanks a million for your fine letter giving us the dope on your reception of our broadcast on Thursday , November 15, 1951 at 200 $\frac{1}{4}$ A.M. I want to congratulate you on your fine report. It was certainly in detail and our Chief Engineer said that you were very exact in your report and also said that he could use a thorough man like you here.

The Turkey went to Corporal Joseph E. Sawyer , 766th AC & W Squadron , Limestone, Maine. The next distance from Kinston was Orlando , Florida and then Erie , Pennsylvania was third . I believe that fourth place was about tied up between you and Camden , N.J.

For your information we were operation on 1230 kilocycles with a power of 250 watts . We are going to 5000 watts about the first of the year so you should get us very well after that . I will appreciate it if you will check me every now and then and let me know if we are consistently getting into your range .

Thanks again for your fine letter and let the fellas up there know that we're on the air each night , Monday thru Saturday, from 12:00 midnite until, 2:00 am EST . Thanks again and best of luck.
