

January 20, 1984

Mr. Kermit Geary  
1266 Riverview Drive  
Walnutport, PA 18088

Dear Mr. Geary:

Needless to say, I am delighted to confirm that the signal you heard from WGSP on Saturday evening, January 7, 1984, Eastern Standard Time, did in fact originate here in Charlotte, NC.

You did hear us loud and clear as your tape obviously proves and this is further confirmed by the exact verbage you used in the letter I received dated January 9, 1984.

We have been on the air since June 22, 1983, with our "Great Sounds of the Past" and have fought very hard to put together an effective format that would please the market. Moreover, our engineer, Stu Albert, has put forth a great effort in upgrading our signal to have it perform with maximum efficiency within the specific limitation as set by the FCC. I am very proud of what Stu has done.

I am hopeful that once again in the near future, we can grace the airways of Walnutport, PA and offer to you my most sincere appreciation for the trouble you took to communicate with us in a most professional manner.

Best Wishes and Good Luck,

A handwritten signature in black ink, appearing to read 'R. E. Tomlinson', is written over the typed name.

Richard E. Tomlinson
