Dear Kermit:

As per your QSL of November 26, 1982, confirmation is hereby given on your Thanksgiving Day reception of WKGX Radio. In reciprocation, we are quite pleased with the clarity of our Skywave as far away as Walnutport, and you are to be commended on your high quality equipment.

Although I was not employed by WKGX at the time of your reception, the format of the newscast follows what you heard. Highway 321, Hudson, and Icard are in our coverage area, and Bob Brown is one of our news stringers. In addition the script you enclosed of our sign-off almost matched our sign-off format word-for-word, so that more than confirms your reception. Broadcast of "The Lord's Prayer" was originated by us, and we were operating at 2500 watts (critical hours) at your reception.

WKGX Radio is an adult-contemporary station which has been on the air since 1969. Most people in Lenoir and Caldwell County know WKGX as "TOP GUN" by our slogan starting during our country days. WKGX has been operating at 5000 watts (2500 watts CH) since 1979.

Once again, thank you for your QSL. Enclosed is a coverage map for your study, and I hope that one day while you're DXing you may again pick us up.

Sincerely,
