

The Duplin Broadcasting Company
Wallace, North Carolina

December 21, 1953

Mr. Kermit Geary,
R F D #2,
Walnutport, Pa.

Dear OM,

This will acknowledge the receipt of your letter of December 16 in reference to your reception from our station on that date.

We are very happy to verify your report, in toto, and appreciate your informative description of our signal and its quality.

WLSE first hit the air on May 17 of this year. We are 250 watts, full-time, with Mutual network. We have had quite a few reports from other members of the National Radio Club. Being an old-time ham, for many years, the writer knows what pleasure verifications bring. It has always given pleasure, in working ham radio, to QSL whenever requested; of course, also, many went out but were not replied to, hi.

Thanks again for your letter. Here's the very best of holiday wishes to you and the NRC.

Sincere 73

W. D. Tabler

W. D. Tabler (ex W8-now
