Dear Kermit:

Thanks very much for your nice comments on our program. Letters, such as yours, made any efforts to do something special, well worth the time. Your letter was most complete, and I appreciate your interest in this respect. You left nothing out. The letters will all be kept, and someday perhaps, I will have a chance to meet, and talk with you all.

I'm glad you found such an understanding wife, and that you are such a strenuous worker on your baby. Until recently, I never knew, or realized, that people held such a pastime. Once again, my sincerest thanks, and best wishes.

Very sincerely yours
George A. Corkum
