Dear Mr. Geary:

It was a pleasure to receive your letter of Oct. 27, reporting reception of Station WTAB's regular scheduled program on that morning.

Your resume of the program at that time, so far as I am able to compare with the program and operating log, is accurate. However we didn't make any log entries to the 1/4 min., ha ha.

Many thanks for the splended report and may you have many hours of enjoyment logging broadcasters.

Very truly yours  
  
Arthur D. Nix  
Chief Engineer

PS: Excuse the delayed answer.
