

North Platte, Nebr.
March 23, 1956

Kermit Geary
R. D. 2, Box 298
Walnutport, Penn.

Dear Mr. Geary:

In regard to your letter, we would like to confirm that we were on the air for a frequency monitor test at the time you mentioned.

We can not confirm, however, that your reception of our call letters was correct. Our call letters were changed from KNBR to KJLT. This change went into effect on the morning of March 15, 1956.

Our next test will be from 12:20 to 12:35 AM CST on April 15. We hope you will be able to listen then.

It may be of interest to you to know that we have just started operation of a new Collins 5 kw Hi-F1 transmitter. Our old transmitter was an old Western Electric 1 kw.

Cordially yours,
KJLT

Wayne Jacobsen
Program Director

P.S. - At 12:30 AM I said "This is KJLT -
formerly KNBR - North Platte, Nebr." This was
for the benefit of the monitoring company.
This may be what you heard.
W.J.
