Dear Mr. Geary:

I am writing to confirm your reception of WCQL-AM 1380 on December 28, 1990. A cross-check of our programming at the time confirms the details of your reception report.

At the time, WCQL-AM was carrying syndicated talk programming. New was produced locally and the voice you heard was that of your former News Director Scott Tranchemontagne. Unfortunately, Scott is no longer with us. On January 12, 1991 we rolled our AM back into our FM and are now programming Oldies on the AM. If you should try to pick up the AM again you will hear it referred to as "COOL 95.3."

WCQL-AM is 1000 watts. Surprisingly, we are directional to the north at sunset which makes your reception that much more impressive.

Incidentally, I noticed in your "Broadcasters' Guide to DX" a photocopy of a letter from WQLX/WGLX in Galion, Ohio. That is the station that gave me my first job in radio ten years ago. Your letter indicates that Maumee Valley Broadcasting was the owner of the station. I'm not sure when the ownership change took place, however the station is now owned by Malone Broadcasting. It was a bit of a flashback to see that letter in your flyer.

I've enclosed a station bumper sticker for you. Though it is for our FM, we do simulcast and at this point the AM is not where we are placing our efforts. I appreciate hearing from you and if I can answer any further questions, please feel free to contact me.

Sincerely,

Scott Mason
Program Director
