

RADIO STATION KCHS
Hot Springs, New Mexico
"In The Land of Enchantment"

Nov. 2, 1946

Dear Kermit:

I hope you will forgive my taking so long to answer your Communication to us reporting on the reception of the test Signals from KCHS. You are correct in stating that they could have been received Sept. 16, 1946 at 1:58 AM MST. I am very glad to be able to make this confirmation. Sorry that it has taken so long to answer, but the opening of a new Radio Station with a short staff, has been a time consuming job. However, I am finally getting around to answering your welcome letter.

Sincerely,

Reg Shick Chrysler
