

RADIO STATION KLEA

- TELEPHONE 8911 OR 6-2211
- P. O. DRAWER 865
- LOVINGTON, NEW MEXICO

April 23, 1954.

Mr. Kermit Geary,
R.F.D. #2,
Walnutport, Penna.

Dear Mr. Geary,

We take pleasure in confirming your reception of our station during one of our frequency checking broadcasts on April 19, 1954. The program as logged coincided exactly with the report in your letter.

It might interest you to know that we have been granted 630 kilocycles with a power of 500 watts and expect to get on the air in the neighborhood of August 15th, barring delays in receipt of equipment. Will expect to hear from you again sometime after that.

Your very truly,

Chief Engineer.
