

Nov 21, 1993

Dear Kermit Geary,

Thanks for your DX letter. Nice to hear we were heard so far away - Sounds like you are enjoying your hobby.

This letter is to confirm your DX report. We were at 2500 watts at the time you heard us. I checked with the WFSX Program Director to confirm your log. Thanks again for your letter -

Sincerely -

Al Jenner, Chief Engineer
WFBL / WSEW FM -
