Dear Mr. Geary-

5/7/86

Thanks so much for writing on 4/7/86 regarding your reception of W6HQ's proof-of-performance.

Based on the data you provided (which I might add was very complete and impressive!) you were indeed tuned to 92-W6HQ "where your friends are!"

We are 5 kilowatts PA-D. Please find enclosed bumper stickers, profiles and coverage maps of both AM and FM.

Again - Thanks for writing!

Sincerely

Donald J. Stevens CE
