Dear Sir;

Thank you very much for the very nice letter and report.

We appreciate these reports and dont think we dont. It is from reports such as yours and others like you that we ascertain our coverage. One or two reports wouldnt mean much it is true , but since we have gone on the air we have received enough to get a pretty good overall picture of our signal and where it is going and how well. Thanks again, and best of luck.

Yours Sincerely

Orville K. Gibboney
