Mr. Kermit Geary

Walnutport, PA 18088

Dear Mr. Geary,

Please allow me to apologize for length of time that it has taken, to get you this letter. It was certainly a pleasure to speak with you on your recent visit to Olean, NY.

This letter is to confirm your reception of WOEN-AM at 1360 kiloHertz on the mornings of November 12th & 13th in the year 2000.

At the time of your reception, the station was operating at 1000 watts.

The slogan "the Sunshine Station," that you heard during the early morning broadcast was probably a reference that was made by Mr. Bill Connelly, our AM "morning guy". Bill operates the AM, weekday mornings from 6am until 9am offering news, sports, & weather, along with a vignette, we call "Viewpoint" (News and Views on local issues.) a program that airs from 8:05am until 8:30, following the CBS radio network news. From 8:30 until 9am, we run a (T)radio program called "The Hotline". This program allows listeners to call in... to buy, sell or trade anything of value.

WOEN 1360AM is more commonly referred to as: "Hometown Radio". Offering a satellite music format, known as "The Music of Your Life", with celebrated personalities like Wink Martindale and Gary Owens.

As was stated in your initial letter, reception conditions may improve "with the colder winter weather," that is once again, on our doorstep.

Again, please allow this letter to serve as "long overdue" confirmation and please keep us posted on any future reception!

Yours in broadcasting,

John R. Sirianni, GM
