Dear Mr. Geary:

I am answering your letter of April 28th for our Chief Engineer, Mr. Pirrong.

This is to confirm your logging of WSEN's signal at the times stated by you on both April 26th and 27th.

Regarding your program logging: It is correct in all respects, including the newscast at 6:30 p.m. on April 27th (of which you were in doubt.)

WHN's interference is nothing new, believe me! Only the name has changed(WINS)...the signal is the same!

Our best wishes for your continued success, and I hope you log a hatful of stations this Spring.
