DEAR RADIO FRIENDS:

Thank you for your interest in our new station. This letter is to ~~us~~ verify your monitoring us. We are now on the air officially on a daytime basis. We operate with 250 and 500 watts.

This is done so we do not interfere with other stations in our area that are on the same frequency that we are.

Thank you once again for your interest in WBNO, as we are happy to hear from you. So far, I have received letters and calls from all over the United States and Canada, reporting on our transmission.

If there is any other information you wish to know, please feel free to write for it.

Sincerely yours,
