Walnutport, Pennsylvania

Dear Mr. Geary:

Thank you for your report on our signal at your location. This will verify your reception of our program from 3:00 to 3:30 amct, January 26 of the numbers as given in your letter. We are very sorry the channel was not clear at that time, but that is the way local channels often are especially 1450 K.C.

Our station uses Raytheon transmitter and console 150 ft. self-supporting antenna.

Very truly yours,

Ernest Baucum
