Thanks for your interest in reporting the reception of our station. We hope "The Voice of Soonerland" will receive your attention again and that you will be pleased with the type of radio service we are rendering. Please let us hear from you often. Constructive criticisms as well as reports of reception are always appreciated. It is impossible to know the extent of the service we are giving unless we receive reports. Will you kindly ask your friends to tune in on our station and send us a report?
