Mr. Kermit Geary
Walnutport ,Penna.

Dear Mr. Geary:

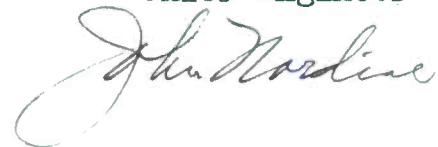

I thank you very much for your very fine and informative letter. Needless to say that your log is correct so please consider this letter a verification of your log. I also have heard our signal in that area as I vacated in that area a few weeks ago. You may be surprised that we built the transmitter ourselves. It meets the FCC specifications very nicely and operates by remote control.

Hoping this letter proves satisfactory to you I thank again very much for the info you passed along.

Yours very truly

John Nordine

Chief Engineer
