Dear Kermit:

We are writing you thanking you for your letter dated May 28, reporting reception of our Radio Station, WCBG. You copied our log correctly.

We are operating at 1590 kilocycles with a power of 1,000-watts. We have been on the air since March 19.

We have, also, been most curious as to our coverage at 1590, and would appreciate hearing from you from time to time concerning your reception.

Once Again, thanks for your letter.

Sincerely,

Harold D. Kuhns
Chief Engineer
