Dear Mr. Geary;

Thanks very much for confirmation of our signal May 10, 1948.
Your log is exactly right We operate on a frequency of
860 kc, power of 250 watts, sunrise to sunset.

More information that might be of interest to you is the fact that
due to airport restrictions we are operating on a one - fifty
foot antenna with an extra heavy ground wire system.

See you again on 860.
