P. O. Box 191  
State College, Pennsylvania

Dear Kermit,

Thank you for your letter of 21 Oct. reporting reception of our first test program and I wish to confirm your report.

We have been quite busy here, receiving a daily frequency check at 3 AM, and all the million and one other things necessary to getting a new station on the air, so I hope you will excuse my tardiness in confirming your report.

Again thanking you and wishing you every success in your work I remain

Sincerely yours

Henry B. Kearney Jr.  
Chief Engineer
